FIEND TORTURES TOTS FOR WOMAN

CHICAGO, Oct. 6.—Fiendish tortures of children were charged against Roy Butler, colored, arrested here today.

Butler killed one child three years ago, Rena Coleman, with whom the man had been living, police were told.

The Coleman woman stated Butler objected to having her four children around. She charged he killed three-year-old Harold Coleman by beating him and allowing him to fall from a chair so that he fractured his skull.

Harvey, seven years old, was taken to Cook county hospital, suffering from terrible injuries resulting from the alleged torture of Butler.

Butler, 27 years old and employed as a janitor, was taken into custody by the Warren Av. police when neighbors discovered the plight of Harvey.

Harvey today lies at the point of death. Should he recover he will be disfigured for life, physicians say.

Baker, the authorities declare, poured liniment on the boy's hands and then placed them in a red hot oven. Not content with this police say, he threw the child into a caldron of boiling water.
